

THEME : "CAMPUS CONNECTION"

Create a Website for College Life Using Only HTML & CSS!

Select ONE Problem Statement:

Problem Statement 1: College Event Page

- Tech Fest, Cultural Festival, Diwali Celebration, Hackathon, Sports Day, College Annual Day etc.

Problem Statement 2: Club Landing Page

- Coding Club, Cultural Club, Sports Club, E-sports Club, Music Club, Drama Club, Photography Club etc.

Hackathon Flow:

2:00 – 2:10 PM (10 mins) – Setup & Instructions

- Team registration confirmation
- Problem statement announcement
- Clarifying rules and questions
- Setting up your systems & files

2:10 – 4:10 PM (2 hours) – Creation Round

- Start building your webpage using HTML & CSS
- Work as a team and bring your ideas to life!

4:10 – 5:00 PM (Approx.) – Final Presentation Round

- **Selected teams** will present their projects to judges
- Explain your idea, design, and code briefly
- Judging based on creativity, design, and presentation

WHAT YOU NEED TO BUILD :

Using only HTML & CSS, create a website that includes:

- Homepage with navigation
- About section describing your chosen topic
- Contact/Registration form (design only - no functionality needed)
- Attractive layout and styling
- Animations (using CSS)
- Images and content organization

WHAT WE'RE LOOKING FOR:

Judging Criteria:

- Creative Design & Layout (Visual appeal, uniqueness)
- Clean HTML Structure (Proper tags, organization)
- Beautiful CSS Styling (Colors, fonts, spacing, animations)
- Presentation Skills (Clear explanation, confidence)
- Teamwork (Collaboration, role distribution)

PRESENTATION INSTRUCTIONS:

Each presentation should cover (3-4 minutes):

1. Team Introduction (45 seconds)
 - Introduce all team members (present and online)
 - Explain each member's role and contribution
2. Project Idea (1 minute)
 - Explain which problem statement you chose and why
 - Describe your unique approach
 - What problem are you solving for students?
3. Website Showcase (1-2 minutes)
 - Demo your live website
 - Explain key features and sections
 - Showcase your design choices
 - Highlight special CSS animations/effects
4. Challenges & Learning (45 seconds)
 - What was the biggest challenge?
 - What did you learn from this experience?
